PROFESSIONAL EXPERIENCE

Brand & Marketing Visual Designer

Treewalker Technologies India Pvt. Ltd. | Bengaluru, India | 2020 – Present

- Create end-to-end visual communication for technology products, services and business initiatives across digital, print, social, presentation and video formats.
- Translate briefs and business requirements into strong visual concepts, campaign creatives and consistent brand communication.
- Design social media content and campaign assets for LinkedIn, Instagram, Facebook, WhatsApp and other digital channels.
- Create email marketing creatives, WhatsApp marketing creatives and Meta advertising assets aligned with campaign objectives and brand guidelines.
- Develop company profiles, brochures, catalogues, case studies, product presentations and sales collateral for customer-facing communication.
- Create promotional videos, reels, motion graphics and product-focused video content using After Effects and Premiere Pro.
- Collaborate with sales, marketing, product and leadership teams to understand requirements, develop concepts, incorporate feedback and deliver final production-ready assets.
- Design visual communication for RFID, barcode, inventory/WMS, billing software, robotics, IoT and automation solutions.
